COMMERCIAL INTELLIGENCE

WEDNESDAY EVENING, OCT. 14.

WE have had a very quiet day in business generally, no activity being apparent in any branch. If anything there is more doing in imports than exports, the home markets for produce being reported dull and lower, with scarcely an exception.

Money continues to flow towards the Bank of England, a further payment of £100,000 being reported yesterday. Rates of discount remain unaltered, and Consols are still quoted at 100⅛, but Indian Securities—favoured no doubt by steadier Exchange on this side and a recovery of 1-16d. per oz. in Bar Silver—are all dearer, the 3½ per cent. Sterling Loan by ½ and Rupee Paper by ¼.

In Produce, Seeds are reported unaltered, as also Coffee. Wheat is easier, with a reduction of 3d. per quarter in No. 2 Club to arrive in London. Ceylon cocoanut-oil is quoted £1 per ton higher.

Piece-goods in Manchester are reported firm at previous prices, and Cotton in Liverpool yesterday closed firm for Surats, but quiet for other descriptions and easier for arrivals. The day's business was only 7,000 bales, and the official quotations remain unaltered. From New York Ready Mid-Uplands still come at 9 13-16 cents, but futures are given 3 points lower at 9-89 cents per lb. for Feb. The receipts at the U. S. ports to date are as follows :—

	1885.	1884.	1883.
Tuesday's receipts	48,000	40,000	32,000
Four days' do.	127,000	126,000	125,000
Total since 1st September	753,000	734,000	836,000

The Cotton market in Bombay to-day has been dull in the extreme. Sellers have shown increased willingness to do business, even at a reduction of Re. 1 per candy, but shippers still keep very quiet.

WHEAT is easier again. Of No. 1 Club Delhi there have been numerous sellers to-day at Rs. 3-12 without finding buyers, and soft qualities of Bombay sorts are still more neglected, Rs. 3-14 being about the quotation for No. 1 Pessy. Hard Yellow meets some little demand of a special character.

SEEDS.—For Linseed prices are not quotably altered, but there is a slightly better inquiry.

FREIGHTS are quiet, and the turn in favour of shippers for ready, but forward rates are unchanged. Very few engagements have been made to-day, and nothing of importance. Rates we quote as follows :—

Liverpool	Ready	21-3	Forward 21-3 to 22-6
London	"		"
Continent	"		"
Open Charter	"		"
Havre	"	25	25
Dunkirk	"		
Antwerp	"		
Marseilles	"	22-6 at 2	
Trieste-Venice	"	22-6 at 2	

COALS have weakened in price slightly. Davison's West Hartley October-November shipment having been sold at Rs. 14½ is now offering at that rate without finding buyers. Powell Duffryn Cardiff is offering at Rs. 15.

EXCHANGE has shown a steadier feeling again, and rates show a further advance of 1-32d. per rupee. Pending the result of the biddings for Council drafts, the Banks seem chary about buying forward to any extent; but unless better than last week's average is realised, we are scarcely prepared for much of an advance at the moment, whatever may come later. We quote for ready bills :—

Bank Bills on demand	1s 6d. to 5-32d. per rupee.
Do. Telegraphic	1s 6 3-32d. to ¼ "
Do. Three months' sight	1s. 6¼d. "
Credits " " "	1s. 6 5-16d. "
Francs " " "	1·93½. "

GOVERNMENT PAPER keeps very steady, although the transactions in it are not extensive. Fours ready we now quote Rs. 97⅞ to 11-16, forward Rs. 97 9-16

SHARES are weaker in the case of Spinning Mills, in which a partial decline of Rs. 5 to Rs. 10 per share is reported. Mofussil Press shares are Rs. 2½ lower.

The Bombay Gazette

THURSDAY, OCTOBER 15, 1885.

THE telegrams from London and Rangoon which we publish this morning give promise of a satisfactory turn in affairs in Burmah. The Burmese Ministers, now that M. Haas is no longer at their back, and that his proceedings have been disowned by his Government, have, according to information received from Rangoon, abated their extortionate demands upon the Bombay-Burmah Trading Corporation. They still refuse, according to a later telegram from Calcutta, to submit the case to arbitration, but they are willing, it is said at Rangoon, to reduce the fine from twenty-three lakhs to six lakhs. Such an abatement as this betokens anything but confidence in the strength of their case, and fully accounts for their hesitation to submit it to arbitration, while the blustering defiance with which they have given way in regard to the amount of the claim is by no means an unlikely preliminary to a further retreat. We could scarcely have expected King Theebaw to withdraw gracefully; it will be quite enough for those whom he has sought to harass to know that he is yielding, and as for his defiant words they alone would neither break bones nor, in the long run, impede a venture which he looks upon with jealousy only because it has prospered under his eyes. This, however, is a matter of local rather than political interest, and is of quite secondary importance in comparison with the news which our London correspondent transmits us this morning. Lord Salisbury has addressed to the French Government a representation which, Palmerstonian though it is in its brusqueness, has at any rate been justified by the answer which it has evoked. It has drawn from M. de Freycinet, not merely a repetition of his former denial of the conclusion of a new Treaty with Burmah, but an explicit repudiation of the anti-English plottings of the French Consul at Mandalay. It is now placed beyond doubt —if indeed it remained in doubt one hour after Mr. Bernard had obtained a copy of the proposals which the Burmese Ambassador took to Europe—that M. Haas did make overtures for the introduction into Upper Burmah of a French company with exclusive rights. Lord Salisbury's outspoken declaration that England could no more tolerate this than France could tolerate a corresponding intervention by England in Tunis is an *argumentum ad hominem* which appears to have been used with excellent effect. With the formal admission by M. de Freycinet of the British claim to special interests in Burmah, our position is so simplified and strengthened that we may almost thank the indiscreet agent of the French Government for the plotting and scheming of which it is the unintended, but most valuable, result. It will be noticed that the article in the *Journal des Debats*, of which our London correspondent telegraphs the purport, corroborates the particulars which we gave yesterday of a Treaty between France and Burmah which only awaits Parliamentary ratification.

WE have so recently dealt with the inequity and the inexpediency of the policy of asking India to bear more than her due share of the burdens of Imperial defence that the only aspect of the question which need now be considered is that of ways and means for meeting the added charge. For the one fact of which the Indian taxpayer will shortly be most conscious in regard to this matter is that, if we are to add thirty thousand men to the standing army, we must pay for it in the form of enhanced taxation. This necessity has been anticipated in more than one direction, and a strong case has been made out for supplying the extra million-and-a-half sterling that the augmentation of the army will cost by re-imposing the customs duties upon cotton goods which were remitted in 1879. Everybody knows that, if India had been mistress of her own finances, no such remission would ever have been made. But, as no one has more trenchantly pointed out than Sir John Strachey, it is too often the case that financial resolut

FRENCH INTERVENTION IN BURMAH.

DESPATCH FROM LORD SALISBURY TO THE FRENCH GOVERNMENT.

(FROM OUR OWN CORRESPONDENT.)

LONDON, WEDNESDAY.

THE *Standard* of this morning says that Lord Salisbury has addressed a despatch to the French Government, couched in very firm terms, in regard to recent proposals for tampering with British interests in Upper Burmah.

Lord Salisbury informs M. de Freycinet that British interests must remain paramount in that country, and that England can no more tolerate the intervention of a French company, with concessions based upon exclusive treaties, than France could allow such a company of another nationality to establish itself in Tunis. If an attempt were made to give effect to the proposals contained in the *Projet de Traité* which the Burmese Ambassador recently took to Europe, the British Government would be compelled to intervene for the safeguarding of British interests.

M. de Freycinet, in reply, has admitted the claim of England to special interests in Burmah. He denies that the concessions referred to have been given to any company, and he blames the conduct of M. Haas, the French Consul at Mandalay, in laying such proposals before the Burmese Ministers.

The *Journal des Debats*, commenting upon the advocacy in some of the English newspapers of a campaign to Mandalay, says that the situation does not call for any such measure, and asserts that the only treaty which has been negotiated with Burmah is a Treaty of Commerce approved by the Chamber of Deputies, and now awaiting ratification by the Senate.

NEWS FROM BURMAH.

THE CLAIM UPON THE BOMBAY-BURMAH TRADING CORPORATION.

(FROM OUR OWN CORRESPONDENT.)

RANGOON, OCT. 14.

The Burmese Ministers are said to have despatched a reply to the representation of the local Government in reference to the claim on the Bombay-Burmah Trading Corporation. The reply says that the Burmese Government are willing to reduce the fine on the Corporation from twenty-three to six lakhs.

The letter is said to be arrogant and defiant in tone.

(FROM OUR OWN CORRESPONDENT.)

CALCUTTA, OCT. 14.

The answer from the Court of Mandalay declines to submit the claims against the Bombay-Burmah Trading Corporation to arbitration. The existing treaty provides that disputes between Europeans and Burmese shall be settled by a mixed Court, but the King apparently has no inclination for that course.

A CASE AT NEEMUCH.

(FROM OUR OWN CORRESPONDENT.)

NEEMUCH, OCT. 13.

Judgment was given to-day in a case tried yesterday in the Cantonment Magistrate's Court. Two ten-rupee notes were stolen from a drawer in the office of a gentleman by a servant who had been dismissed the day before, and had been warned against criminal house trespass. He had entered under pretext the room where the desk was, and had also entered the premises before this occasion, contrary to law. The evidence in support of the charge of house trespass was ample, and to the astonishment of all, judgment for acquittal was given. The complainant had previously been informed that the magistrate was not going to try for theft; but towards the close it suddenly transpired that the accused was under trial on both charges. The complainant is dissatisfied with the judgment, and will possibly appeal, or instruct his pleader's solicitors, should they detect any basis to obtain a fresh trial.

THE Bombay Town Council, at their meeting yesterday, passed a cordial vote of thanks to Mr. Ollivant for the valuable services he had rendered in advocating the claim of the Municipality against the Port Trust to a much larger contribution than that hitherto paid by that body in lieu of consolidated rates. It was stated that consequent on his untiring exertions and able advocacy of the claim of the Municipality the Government had decided that the Port Trust contribution for the next five years should be Rs. 1,61,190. Seeing that the property was originally assessed at Rs. 60,000, the increase thus secured to the Municipality was over a lakh of rupees. The enhanced rating was subject to the proviso that it would be liable to proportionate increase in the event of there being any enhancement of the general consolidated rate. The Municipal Commissioner, in acknowledging the vote, said he had always tried to see that necessary and useful works were carried out with as great economy as possible, and had at the same time endeavoured to husband the revenue as carefully as possible.

ANOTHER graceful act done by the Town Council was to thank the retiring chairman, Sir Frank Souter, in a resolution which referred in laudatory terms to the admirable manner in which he had discharged his onerous and responsible duties. The proposition, which was moved by Mr. R. N. Khote and seconded by Mr. Dosabhoy Framjee, was carried by acclamation. Brigade-Surgeon Cook succeeds Sir Frank Souter as chairman.

THE Bombay Anjuman-i-Abbab, at a recent meeting, received a letter from Mr. M. H. Hakim, barrister-at-law, the purport of which was that having regard to the many obligations under which Sir James Fergusson, the late Governor, had placed the Mahomedan community and the Anjuman-i-Abbab during his administration in Bombay, the Anjuman-i-Abbab should vote an address in support of Sir James Fergusson's candidature at Manchester. An address with that object was unanimously voted. At the same meeting an address of congratulation was voted to the Hon. Budroodin Tyabjee, congratulating him upon his son, Mr. Mohsin Tyabjee, being the first Mahomedan who has ever passed the Indian Civil Service entrance examination.

A MEETING will be held at the Framjee Cowasjee Institute this afternoon, under the auspices of the Arya Dnyan Vardhak Sabha, to witness feats of memory and improvisation of Sanskrit verses by Pundit Shri Gattulalajee. Sir William Wedderburn will preside.

MR. HENVEY will, it is believed, be posted to the Jeypore Agency on return from leave, to fill the vacancy caused by Dr. Stratton's retirement.

MR. W. MALCOLM LOW, formerly Deputy Commissioner of Nagpur, and Commissioner of the Narbada division, is a candidate for the representation of the Ayr Burghs in Parliament in the Conservative interest.

THE opium revenue of the first six months of the current financial year has amounted to Rs. 4,34,56,420, which is Rs. 23,81,420 better than the estimate. The receipts from Bengal opium were Rs. 3,58,605 below the estimate, while those from the pass duty on opium from Bombay were Rs. 26,40,025 above it.

THE *Daily News* has received the following telegram from its correspondent at Tabreez, North Persia:—Mr. Thomas Stevens, who left England in May last, travelled on a bicycle through the Continent to Constantinople, where he stayed six weeks. He thence made his way via Angora, Yozgat, and Erzeroum, finally arriving here (Tabreez). He intends proceeding to India via Teheran, Meshed, and Herat.

THE *Civil and Military Gazette* makes merry at the cost of "an esteemed and venerable contemporary in Calcutta" who has been posing as a "Marat-*cum*-Robespierre." Three separate courts have rejected the suit of an impecunious Mahomedan widow; and the Calcutta paper clamours for the "heads of the bloody Tribunes." "There is not a man," it says, "who had to do with these proceedings, or knew of them and failed to do justice to the poor woman, who does not deserve to be hanged. We mean what we say." So that capital punishment is the due reward for civil offence. For "we mean what we say"—there can be no mistake about that.

THE anticipations of a considerable development of the North-West Provinces wheat trade during the second quarter of the current year have been fully realised. The exports for the period amounted to 25,42,707 maunds, "which is considerably more than half as large again as the amount sent during the corresponding period of 1884, or the average of the five years preceding it." The increase in this instance favoured Calcutta, being mostly in exports from Oudh and the Rohilkund Division. The total increase over the exports for the corresponding quarter of 1884 was 10,89,859 maunds, of which 4,85,313 maunds went from Oudh and 4,48,265 maunds from Rohilkund to Calcutta.

THE arrangements for the Viceroy's tour have been gazetted. His Excellency will leave Simla on Tuesday next, visiting Nahun, Dehra, Saharunpore, Delhi, Ulwar, Ajmere, Oodeypore, Indore, Jodhpore, Jeypore, Bhurtpore, Agra, Lucknow, Cawnpore, and Benares, and arrive in Calcutta on the 13th December. The party accompanying His Excellency is as follows:—Mr. D. Mackenzie Wallace, Private Secretary, Lord William Beresford, Military Secretary, Mr. H. M. Durand, Secretary Foreign Department, Surgeon J. Findlay, M.B., Surgeon to the Viceroy, Major H. Cooper, Lieutenants the Hon. C. Harbord, Lord Herbrand Russell, A. G. Balfour, and L. Gordon, Aides-de-Camp, and Mr. J. McFerran.

MAN is supposed to find "his warmest welcome in an inn," and there is no reason why he should find his worst in a travellers' bungalow. A Hyderabad paper has received complaints of the very unsatisfactory state of arrangements made for the comfort of travellers and others in the local Travellers' Bungalow, and it reproduces the complaint of one Gentile, who says:—"The lamp supplied me is nothing more than a small eau-de-cologne bottle, with a tin tube to hold the wick, and this goes out every five minutes." What is required, the writer says, is a proper supervision of the place, and it would be well if the spirit of reorganisation, now so prevalent in Hyderabad, worked a thorough reform for the comfort of those who have nowhere else to lay their heads when visiting that charming station.

AT a recent meeting of the Orissa People's Association, the diet of patients in hospital and of the inmates of jails and lunatic asylums was discussed. It was found that in the case of the European the average cost of daily diet was 7 annas 9 pies in the Calcutta General Hospital, and 8 annas 3 pies in the Howrah Hospital. In the mofussil hospitals the average cost of daily diet for a native was less than 1 anna 4 pies. In the mofussil jails the average cost of daily diet for a European prisoner was more than 4 annas 6 pies, while for that of the native it was 1 anna 3 pies. In the lunatic asylums the average cost of daily diet for a European was 8 annas 2 pies, while that for a native was 1 anna 6 pies. It was resolved to submit three memorials, with copies of Government Resolutions, to the Secretary of State, and the Houses of Lords and Commons, with a view to put a stop to the unequal treatment of the two races in the hospitals, the jails, and the lunatic asylums of India.

A TELEGRAM has reached Pondicherry from Saigon, Cochin-China, stating that Monsieur Ternissier, *avocat* of the High Court of Saigon, was killed a few days ago in a duel with either the Mayor or a Secretary to Government (the name is unintelligible). He was the proprietor of a local paper, and published an article which is believed to have led to the *rencontre*; he was also a candidate for the Deputyship, as is also the Mayor. Monsieur Ternissier was the ablest *avocat* in the French Eastern Colonies. He was brought to Pondicherry three months ago, to defend M. Delafon, the late Greffir in Chief of the Pondicherry High Court, in a heavy criminal defalcation case, and succeeded in getting him off for a mere nominal punishment of simple imprisonment. He was about thirty-three years of age. The duel was fought with swords, and M. Ternissier was run through the heart, and died instantly. The particulars given lack confirmation in regard to the details.

THE British public appears, says the *Englishman*, to have been somewhat puzzled over the Parliamentary candidates, Ghose and Ghosh. "Those sonorous names are more familiar to dwellers in Bengal, but even here it may not be generally known, perhaps, that these two protomartyrs in the representation of India in Parliament are closely related. The fact is, Ghosh should be Ghose. The one Ghose is Lalmohun Ghose, who is desirous of representing the free and enlightened electors of Greenwich; the other Ghose is a brother Ghose, to wit, Monmohun Ghose, who at the present juncture of his Parliamentary career is willing to represent any constituency in the United Kingdom that will elect him. The current expenses of these would-be members of Parliament are of course paid from this country; and doubtless they find the profession of paid agitator an easy if not a reputable one. The Ghose family is to be congratulated on the prominent part it is taking in the latest development of electioneering enterprise."

A NOTICEABLE feature in the Tew court-martial, says the *Deccan Times*, was the practice for the first time in India, as far as we are aware, of the procedure sanctioned in the new Military Regulations in regard to the powers of counsel in courts-martial. We feel sure it was found far more satisfactory than the working of the old rules. Counsel formerly were mere puppets in the court-martial, for they were not allowed to address the court, nor to cross-examine witnesses, except in the absurd round-about manner of writing the question, and then handing it to the prisoner, who read it out to the witness. It is obvious how such a procedure weakened the force of a cross-examination, and completely took the witness out of counsel's hands. In this case Mr. Spring Branson, who prosecuted, and Mr. Norton, who defended Major Tew, examined, cross-examined, and re-examined directly, and thus saved all the unnecessary delay and waste of time that the court was subjected to under the old order of things. We think the soldier—both he who is unfortunate to appear as a prisoner, and he who sits to determine his guilt or innocence—is to be congratulated on this change of procedure in trial by courts-martial.

THE following appears in a contemporary:—When the amendment of the Code of Criminal Procedure was before the Legislative Council, in 1882, a strong protest was entered by the native members against the provision which allows an appeal on behalf of Government against an accused person who had been acquitted. It was alleged, in a memorial of the British Indian Association, that "such a provision does not obtain in the criminal code of any civilised country on the face of the globe, and is opposed to all recognised rules of civilised jurisprudence." And replying to this and other like criticisms, Mr. Stokes had no difficulty in showing that the English law did allow such an appeal under certain circumstances. But he rested the necessity for the provision on much safer grounds. "But in truth it does not seem to me that the sections objected to require any English or other precedents to support them. The question is or ought to be, solely whether, in the present condition of the Indian magistracy, the power of appeal from an acquittal is needed. So far as I can form an opinion on the matter, such a power is now needed, and will continue to be needed so long as any native magistrates suppose that the commission of a crime cannot be proved without the evidence of an eye-witness; so long as any Hindu magistrates acquit a Brahman because he is a Brahman, though the evidence of his guilt is clear; and so long as local Governments are sometimes compelled to appoint European magistrates who have had little or no local experience or legal training."

IT may be news to a good many people that India, a sugar-producing country, is a large importer of sugar. The native of India, let his caste or creed be what it may, has a sweet tooth, partly, perhaps, because he is usually a vegetarian, and Nature craves for him some saccharine nourishment. In 1884-85 India exported 1,070,919 cwt. of sugar, her exports of 1883-84 having been more than half as large again. She imported 1,41,874 cwt. in 1884-85, or more than twice the amount that she took in 1883-84. Of this 1,616,874 cwt., she received 1,265,362 from Mauritius, 221,814 cwt. from Hongkong, &c. Bombay receives most of the imports of sugar,; and Bengal and Madras make most of the exports. The foreign sugars were until quite recently kept out of India by their relatively high price. Mr. O'Conor states that in 1880-81 imported sugar cost on an average Rs. 17-9-0, and exported sugar Rs. 11-9-2 per cwt. But from 1883-85 imported sugar stood at Rs. 10-12-3, and exported sugar at Rs. 9-11-1 so the values approximated closely. In 1877-78 Bengal imported 102 cwt. and exported 445,847 cwt. In 1884-85 Bengal imported 68,476 cwt. and exported 38,918 cwt. The bulk of the imported sugar is refined, while the bulk of the exported sugar is unrefined. The sugar markets of the world have been overwhelmed with supplies of cane and beet sugar. The consumption of the article has been greatly stimulated by low prices. For example, in 1865 the consumption per head of population in England was 30lbs., and in 1882 it was 63lbs. Now the supply overtook the demand, and that was one of the chief causes of the failure of the Oriental Bank, which had made too large advances to sugar planters in Mauritius. India with very abundant indigenous labour should, one might suppose, be well able to supply by local cultivation all her own requirements of sugar, and to dispense altogether with a foreign sugar raised in the South Seas by imported Indian labour.

AN unexpected difficulty, the *Pioneer* says, has cropped up in connection with the Camp-of-Exercise. The troops from the Punjab are under orders to march to the neighbourhood of the manœuvres, but as the bridges of boats over the Sutlej and Beas were abolished some time ago the passage of these rivers will not be an easy one. The Government have decided that on the score of expense the bridges cannot be again placed in position, and the troops will thus have to be ferried across. This will cause delay, and consequently the regiments west of the Sutlej may have to march at earlier dates than those originally named. The arrangements for moving them will have to be modified accordingly.

CRICKET.

THE cricket match which was to have been played yesterday between the Bombay Gymkhana and Thanna, unfortunately fell through owing to the latter having been unable to get a full Eleven together.

PASSENGERS BY THE S.S. MANILLA.—Mr. H. A. Hormarjee, of Messrs. B. and A. Hormarjee, arrived here yesterday by the Italian steamer Manillia from Naples. Signor Bozzoni, the Italian Consul in Bombay, was also a passenger by the same steamer.

AN OLD OFFENDER.—Rama Baloo, a noted character, was yesterday convicted by Mr. Dosabhoy Framjee of stealing a copper vessel and a brass lamp from Thuki, a woman living at Byculla. On admitting three previous convictions of theft, he was sentenced to six months' rigorous imprisonment.

ROBBING WASHERMEN.—Gokul Hoera, of no fixed place of residence, was yesterday charged before Mr. Dosabhoy Framjee, upon three counts, with stealing wearing apparel from dhobies, on the 9th ult. He pleaded guilty to the charges, and also admitted several previous convictions. He was sentenced to twelve months' rigorous imprisonment.

FIRE.—A fire broke out yesterday morning at about 3 o'clock in a cotton godown of the Raghojee Sadowjee Mills in Foras-road. On the alarm being raised, the Byculla and Pydownee steam fire engines were soon on the spot, and with a prompt and abundant supply of water the fire was completely got under by 5 a.m., before any serious damage was done to the building. Considerable injury, however, was done to a large quantity of cotton, both by the fire itself and by the water that was used to extinguish the flames.

A FEMALE THIEF.—Radhee, the wife of a coachman at Grant-road, was yesterday charged before Mr. Dosabhoy Framjee with stealing a gold neck-ornament, valued at Rs. 30, from a child belonging to one Gopall Balloo, another coachman. The accused, it appears, lived in an adjoining stable to complainant. Yesterday morning the neck-ornament was missed while the child was asleep. The matter was reported to the police, and the ornament was found concealed in the fire-place in the room of the accused. She pleaded guilty to the charge, and was sentenced to two months' rigorous imprisonment.

THEFT AT THE GREAT WESTERN HOTEL.—Before Mr. Cooper, Inspector Saunders yesterday charged Mochee Bickia, a servant who had been employed by a resident at the Great Western Hotel, with the theft of several pieces of wearing apparel belonging to a gentleman, and also of certain crockery-ware, the property of the hotel. While investigating a case of theft in another hotel, Inspector Saunders had arrested the accused on suspicion, and the property stolen from the Great Western was found in his lodging. The accused pleaded guilty, and was sentenced to three months rigorous imprisonment.

GRANT COLLEGE MEDICAL SOCIETY.—The regular monthly meeting of the G. C. M. Society was held in the College Library on Tuesday, Dr. Atmaram Pandurang in the chair. The members present were Drs. J. C. Lisboa, Cowasjee Hormusjee, E. C. Tookina, Dorabjee Hormusjee, N. N. Katruck, P. B. Nariman, Vithal Balkrishna, E. F. Setna, H. J. Appoo, B. S. Shroff, R. P. Bharucha, Guesh Ramchundra, and Temuljee Bhicajee, honorary secretary. Drs. G. Waters, J. P. Nicholson, C. N. Sahiar, and M. D. Karanja were elected members only. A paper on Midwifery work done in the Obstetric Institution of the J. J. Hospital from July, 1883 to October, 1884, was read by Surgeon D. N. Parakh.

A JEALOUS HUSBAND.—At the Fort Police Court yesterday, Padumsey Arjoon was charged before Mr. Ryan with having caused grievous hurt to his wife Vallabai. The accused, an old shoemaker, had reason to suspect his wife's fidelity. One evening, on his return from a visit to a friend, he stabbed her in the abdomen with a knife. She raised an alarm, and a neighbour coming to her room, arrested the accused as he was running away. The woman was taken to the Goculdas Tejpal Hospital, where her wounds were found to be serious; but she soon recovered. Though she had nearly lost her life, the complainant presented a petition in which she desired to drop the case "against the good old husband." But the serious nature of the charge, the magistrate said, would not allow him to give his permission for its withdrawal. Evidence was then taken, and the accused convicted and sentenced to one year's rigorous imprisonment.

A FAMILY QUARREL.—At the Fort Police Court yesterday, before Mr. Cooper, Maneckjee Pestonjee Anderson charged Rustomjee Furdonjee Bomla and Shapurjee Nusserwanjee Bhedwar with having assaulted him. There was a cross-charge of using abusive language. Mr. Chalmers prosecuted, and Messrs. Roughton and Brown defended the accused. Mr. Roughton stated that though not admitting the charge, he was prepared to give an undertaking on behalf of his client that he would not molest the complainant in any way. The matter arose out of a family quarrel, and it was hoped that it would go into it. The other accused also agreed, through his solicitor, to enter into a similar undertaking. Mr. Chalk said that if the case were proceeded with, it would be seen that his client was the aggrieved party. As his only object in coming to court was to prevent a repetition of the offence, he accepted the undertaking of the accused, and was satisfied. His worship said he was glad that matters had been settled, and allowed the cases to be withdrawn

MR. DAVE CARSON.—The numerous friends of Mr. Dave Carson, the well-known actor and manager, will be glad to hear that he is now in Singapore on his way to Calcutta, after a prolonged absence for the benefit of his health. It will be remembered that some time ago a report of his death was spread abroad by some malicious person, and although it was speedily contradicted, many persons who had not seen the contradiction are still under the impression that he had shuffled off this mortal coil. The fact is that Mr. Carson was for a long time in a precarious state of health, and his medical adviser had almost given up hope of his recovery. He was, however, recommended to try a sea voyage as a last resource, and he accordingly, in January last, took passage in the sailing ship Duncraig, bound for Calcutta, for Australia and New Zealand. He kept by the ship all the time, and arrived in Singapore last week, after being on board about eight months. The sea air seems to have completely restored his health; and he left for Calcutta on Wednesday by the Peurulia to recommence business. While in Australia he collected a new Variety Company, who will follow him in a few weeks to open the season in Calcutta. —*Straits Times.*

POONA REGATTA.

(FROM OUR OWN CORRESPONDENT.)

AQUATIC sports do not seem to possess that interest for the good folk of Poona which is displayed by them where the race-horse is in question. Every year the hard-worked secretary of the Boat Club experiences greater difficulty in making up a card, and this year has been no exception to the rule. On the whole, however, the sport provided has been fairly good, and the poor attendance must, I suppose, be attributed to the superior attractions elsewhere. Two noted figures have disappeared from the river this year, and they are Mr. J. LeMesurier and the Rev. Mr. Mackay. The former, acting under medical advice, does not, I believe, intend to row in any more races. Few that ever came to Poona could beat Mr. LeMesurier over the course for the Senior Sculls so perhaps he has determined to let the rising generation have a chance. Gall, the man who this year took the prize for the Senior Sculls, is a powerfully built young fellow, and pulls neatly and evenly, with a terrific reach forward. He beat Wilson the other day with ease—left him almost waterlogged, in fact. The Challenge Fours were rather interesting this year, from the fact of a new crew, that of the College of Science Club, entering for the race. Of course, the youngsters were new in it, but they pulled uncommonly well, and will, I trust, do better next year. There was not a very large attendance on Tuesday last, principally owing to the fact that the greater number of our visitors have left Poona for climes and pastures new. The day, however, was magnificently fine, and in every respect suited to the occasion. Lady Reay was present to distribute the prizes, and H. E. the Commander-in-Chief was among the onlookers. The first race was the "Inter-Regimental Challenge Fours," distance ¼ mile, for which the following crews entered:—

EAST YORKSHIRE REGIMENT.	FIRST GRENADIERS.
1.—Harrison, 11a. 7lb.	1.—Scudden.
2.—Bowden, 9a. 6lbs.	2.—Sir Neda.
3.—Hill, 9a. 5lb.	3.—Montgomery.
St.—Chitty, 10a. 6lb.	St.—Bow son.
Cox, Mrs. Bennett.	Cox, Mrs. LeMesurier.

KING'S OWN REGIMENT.

1.—Bonomi.
2.—Somerville.
3.—Carter.
St.—Barber.

Owing to the crews having taken up their berths too near to each other, a foul occurred near the mill. The East Yorkshire crew had it all their own way, and came in first by several lengths, in 3m. 18sec. It was decided, however, to row the race over again, and, after a considerable delay, they were got opposite the starter's boat once again, this time with plenty of room between them, and went away level. For a short time the King's Own boat had the advantage; but Chitty, setting his men a long, clean stroke of about 30 to the minute, soon got the East Yorkshire crew out of danger and, opposite the well, quickened up to 42, and placed some yards of water between his boat and the others, finally winning after an exciting finish, by rather more than a length, the King's Own being second. Time—3m. 16⅓secs. As it was getting late and darkness was coming on, the Bath Tub Race did not come off. For the Ladies Fours, five crews entered but at the last moment Mr. Barber's and Mr. Chitty's boats scratched. The following were the competing crews:—

1.—Schneider.	1.—Green.
2.—Field.	2.—Carter.
3.—Sale.	3.—Harrison.
St.—Randolph.	St.—Steele.
Cox.—Mrs. LeMesurier.	Cox.—Miss Green.

1.—Momerville,
2.—Elliott.
3.—Talbot.
St.—Hill.
Cox—Mrs. Moore.

The last crew was a scratch one, made up just before the race commenced. As it was nearly dark, this could be seen of this race beyond the fact that Mr. Randolph's boat came in first, at least two lengths ahead of Mr. Steele's crew. Time—3m. 20½sec.

Mr. T. LeMesurier acted as starter, and Colonel Green as judge. As soon as the last race was over, Lady Reay distributed the prizes to the successful competitors.

THE ROYAL ASIATIC SOCIETY.

A MEETING of the members of the Bombay branch of the Society was held last evening, in the Library hall of the Institution in the Town Hall, the occasion being the election of Count A. D. Gubernates, Professor of Sanskrit in the Royal Society of Florence, an honorary life-member. The Hon. Rao Saheb V. N. Mandlik, C.S.I., vice-president, took the chair, and there were also present the following members:—Messrs. Manekji Cursetji Nr. Spencer, Hon. K. T. Telang, M.A., C.I.E., Dr. Atmaram Pandurang, Col. J. B. Sparks, Col. J. H. White, R.E., Messrs. C. E. Fox, J. Westlake, Sadasev V. Dhurandhar, Dr. Bhagwanlal Indraji, Dr. J. Gerson da Cunha, Rev. Dr. Evans, Messrs. E. Rehatsek, D. P. Kanga, J. Griffiths, Darab Dastur Peshotan Sanjana, Dr. Moreshwar G. Deshmuk, Messrs. Vandravandas Purshotamdas, C. A. Stuart, Yeshwant Wasudeo Athale, Mr. Javerilal U. Yajnik, acting Visitors Messrs. Dhunjibhoy Framji, hon. secretary, M. Blum, Alexandro Tomei Alblam, G. de Nobili, Dustur Frioji Jamaspji, and Mr. Ratiram Devgaram.

The chairman in opening the proceedings, and proposing the election of Count Gubernates as an honorary life-member, in accordance with article 5 of the rules of the Society, said that Count Gubernates had done the Society the honour to be conferred upon him by his researches in the Sanskrit language, which have contributed considerably to the literature of India. In speaking of the English works of the learned Count with which he was acquainted himself, the chairman said they were very learned works, and such as were certain to contribute largely to a knowledge of Sanskrit literature. The election of Count Gubernates, the chairman added, would be an acquisition to the Society.

Dr. da Cunha spoke highly of the literary merits of such of Count Gubernates' works as his book on Marriage and his Biographical Dictionary, and Indian Encyclopœdia.

Hon. Mr. Telang supported the preceding speakers, and spoke highly of those of the Count's works he had been able to peruse, but was unable to pronounce any opinion upon the others, not being acquainted with the language in which most of his works have been written.

The proposition was then put to the vote and carried *nem. con.* Count Gubernates was then introduced to the meeting, and the chairman congratulated him on his election. After returning thanks, the Count read a paper in Sanskrit, for which he was thanked by the meeting. The paper concluded as follows:—"With regard to myself, I strive as hard as I possibly can to support in Italy the culture of Indian studies. I am for this reason come to India, and it is a source of infinite gratification to me to be among so many learned men. I expect, gentlemen, by means of your sympathy, to promote in two ways the knowledge of Indian study—by first of all forming a museum of Indian objects to be opened to the public; and in the second place by establishing an Asiatic Society in Italy as a close link between the two countries, trying to approximate and mutually know all the Indian learned scholars and the foreign scholars and friends of India, as well as their researches. India has since long been highly honoured in my country: when in my country, second to none in paying homage to science, such a museum shall be founded, greater will at once become our scientific activity on behalf of India, and to you, gentlemen, it will certainly afford an occasion of joy to learn that the great King and Queen of Italy, Humbert and Margharite, guardians of the Indian science in their kingdom, protect all the institutions tending to its progress. Let India be prosperous!"

Dr. B. Indrajee replied to the above in Sanskrit the English translation of which was as follows:—

Gentlemen,—I have no doubt the members of our society must have derived very great pleasure in meeting this day our learned guest, Count Angelo De Gubernatis, professor of Sanskrit in the University of Florence in Italy. The address delivered by him to-day in the Sanskrit language is the first of its kind in this room. This also indicates in the clearest manner possible the great love he evinces towards the study of this ancient language, his heartfelt affection towards the people of this country, and his unceasing energy for the spread of knowledge this language is capable of imparting. His love for India is so strong and zealous that he has preferred to decorate his new residence which he has erected in Florence, by carving the figures of Oriental mythological gods, and he has named it "Villino Vidya," or "house of learning." He is not a Sanskrit scholar like Max Müller, but one who is foremost in implanting the love for the Oriental studies among his brother residents of Italy. He has published an small interesting work on the Vedic god Indra. He has founded an Oriental Academy in Italy, and is the principal secretary to the fourth International Congress of Orientalists held in Florence in September, 1878. He has written three very interesting works on the origin of rites connected with births, marriages, and funerals, also a biographical dictionary which includes biographies of Indian pundits also. He has published a work in 13 volumes on universal literature. He has also published a mythological encyclopedia, a work on Indian and zoological mythology, a work written in English and translated into German and French. He has also published a story of the Italian traveller in India. He has edited several dramas, on Indian subjects. He is editor of a fortnightly review of universal interest. These are a few evidences of his great and untiring energy in the study of Oriental literature; it is, therefore, unnecessary for me to dwell much on this subject. Suffice it to say, that he is a true friend of India and itspeople.

Mr. C. E. Fox then spoke in laudatory terms of the merits of the elected gentleman, who, he said, had been a student of Sanskrit for thirty years.

The meeting then broke up.

WE GUARANTEE EACH PIANO. { "This piano was awarded a first-class certificate and medal of the Calcutta Exhibition." } WE GUARANTEE EACH PIANO.

S. ROSE & Co., have supplied many hundreds of their noted Sympathetic Grand Square Pianofortes to residents in all parts of India. No one instance has occurred of a Sympathetic" having given way; of course the action and mechanism will wear; but S. ROSE & Co., ave seen "Sympathetics" which, after twenty years' use, have, after the entire action has been newed, been as rich and beautiful in tone as when quite new.

All parts of the instrument have been studiously cared for in the manufacture; the external case being of solid mahogany, with ornamental fret work at the openings. In regard to tone and touch it is a first-rate instrument.

The term "Sympathetic" was first used to designate the character of tone. The term has been made use of by others without scruple, and many purchasers have paid for "Sympathetics" of a most doubtful quality, and which are not entitled to the name; but are merely inferior imitations.

DEAR SIR,—I have much pleasure in testifying to the efficacy of your valuable Cholera Pills. Last year I cured my wife, child and a servant. I did not call in a Doctor, but gave your pills with confidence and without hesitation; I had so much faith in them.

Your pills have done a great deal of good locally, and I would like to see them receive a universal circulation for the benefit of the thousands who perish for want of a specific.

I remain, Dear Sir, Yours faithfully,

DR. DE ROOS'

CONCENTRATED GUTTÆ VITÆ OR VEGETABLE LIFE DROPS.

THE alchemists of old spent years in endeavouring to find out the means of transmuting the baser metals into gold, but in vain. It was, however, reserved for a physician of the 19th Century to make a far more valuable discovery in occult science—the result of deep research into the arcana of Nature's mysteries, which is here offered to the world; and the pleasing results of a quarter of a century, during which time this wonderful medicine has been tried in every quarter of the globe, all corroborate the most sanguine of the Inventor's hopes. Thousands of voluntary testimonials from grateful patients, testify to the fact that from this remarkable tonic alone, new life has been imparted to numbers of debilitated individuals; and it is not too much to say that hundreds of persons are at the present day in full enjoyment of their mental and bodily powers—in thorough good health—who previously were confirmed hypochondriacs, had been given up by the faculty as incurable, and left to drag out the remainder of their existence a misery to themselves, and a continual anxiety to their friends.

This great life-reviving medicine gives vitality and strength to the most shattered constitutions. It not only strengthens the system but purifies the blood, and promotes a healthy circulation of the fluids, thus imparting strength and tone to the nerves, enlivening and invigorating both body and mind. It greatly improves the appetite and restores the digestive powers, whilst for dyspeptic persons it is unrivalled. Those who (from long residence in hot climates) suffer from langour and relaxation, as also all persons going to the East or West Indies, should provide themselves with this important article of health.

Youth and age equally participate in the miraculous effects of this wondrous medicine, for whether the body be debilitated in early life, or sinking under the advance of years, a few doses will speedily afford assurance of returning health, by giving tone to the muscular and nervous systems, and brought the organs of digestion, renovating the whole constitution. To the young it affords health, strength, and spirits, in place of lassitude and debility; while to the aged and infirm it assuredly furnishes great relief and comfort, by gently and safely invigorating the whole corporeal frame; and although it is not put forward as imparting immortality, it will certainly gild the autumn of declining years, and, in all cases, calmly and serenely protract the close of life. For females of all ages, as also for delicate children who cannot take cod-liver oil, the Guttæ Vitæ will be found a great boon—being far superior in its strengthening properties, and at the same time so pleasant to the palate that it can hardly be called a medicine. To married persons, especially, this preparation will prove invaluable; giving strength and vigour in place of lassitude and incapacity for exertion. Price, 11s. and 33s. per bottle. The large size contains sufficient for four weeks.

PAINS IN THE BACK, GRAVEL, LUM
